Voter Registration Service Policy

The Villa Park Public Library offers free voter registration services to patrons.

Patrons seeking voter registration services should call the library prior to their visit to ensure that a registrar is available. Voter registration service is provided on a first-come, first-serve basis to all patrons visiting the library. Voter registration is a courtesy provided by the library and is not the registrar's primary duty; therefore, the registrar may ask the patron(s) to wait while the registrar tends to other library matters.

All library personnel will maintain strict neutrality with respect to their political philosophies and keep confidential the fact that a person has registered to vote or has updated voter registration records through the library.
