Automated Locker Services

The Villa Park Public Library offers an automated locker service with access 24 hours, 7 days per week. Lockers are available for Villa Park residents only. The locker system is an "opt-in" service. All materials must be placed on hold to use the lockers.

Items will remain in the lockers for seven days. After seven days, any remaining items in the locker will be removed and returned to the shelves.

Due to climate conditions, Playaways, Playaway LaunchPads, Wi-Fi Hot Spots, and any other circulating device that plugs in to charge or contains batteries will not be placed in lockers.
