### ***Home Delivery Service***

Villa Park Public Library provides home delivery of materials to Villa Park Public Library card holders or those eligible to become card holders.

The home delivery service brings library materials directly to the card holders' door if they cannot physically come to the library for any reason. This free service is available on a temporary or permanent basis, depending on the card holders' needs.

Applicants who contact the library for home delivery service must verify that they have or are eligible to have Villa Park Public Library cards.

If necessary, the Adult Services staff member responsible for home delivery service will have a library card prepared for the patron.

The initial checkout for home delivered materials is one month.
